

Dear Jerry and Patti Anne,

Just a brief note to tell you how pleased the Clark Botanic Garden Auxiliary is to be using the Town Planner online as well as having a listing of our year's events and meetings in the Town Planner calendar.

The online notices of our fundraising events for the Clark Botanic Garden reach so many villages and towns! People have told me they saw the various announcements in the TP web site.

The service you provide for our non-profit foundation is great.

Thank you.

Louise Schwarzschild
