Marlene,

I wanted to send you a note complimenting your excellent product and customer service.

I still remember when you came to our office almost 4 years ago and first signed us up. Back then, as now, we are bombarded with advertising choices. It's always an important decision for us as to how we will allocate our limited advertising funds. I am happy you found us back then as your calendar has been worth every penny.

Also, I appreciate your willingness to grow with us. At first you accommodated us on a limited basis and now we are happy to be featured in color in all your delivery zones. Each year you have been pro-active, efficient and sincere in your efforts to facilitate the renewal and proof process.

We look forward to another great year with your help!

Sincerely,

Heidi and Nate Haislmaier, Owners
