

April 12, 2012

Dear Patricia:

I am so grateful that you introduced me to the Grayslake Town Planner Calendar. As soon as the calendars were received, my phone began ringing and resulted in 20 new customers! And the numbers keep growing every week.

An added surprise was the kids who were featured in the January photograph feel like community celebrities – often asked to autograph the photo. How fun is that! Now everyone in the community knows who we are and that we have programs for all ages – adults too.

Thank you, and Barb and Rich too, for sharing your marketing expertise with me and making TEAMKAT a known household name. I look forward to building my business while supporting a great community resource.

Sincerely,

Katrina Polen
