Dear Patricia:

This is my 3<sup>rd</sup> year with the Grayslake Town Planner calendar. It is absolutely the best advertising source for my martial arts business.

For the past 2 years, I've kicked off our new year with a photo and coupons. I believe that the photo is the best name branding avenue. The kids look forward to being in the photo and autographing it for family, friends, and Grayslake residents too. Our business phone never stops ringing once the calendar arrives. And of course, the parents love the money saving coupons too.

And I'm happy the Zumba and Self Defense enrollments have increased too. I definitely know the Town Planner Calendar has helped build my client base.

Sincerely,

Katrina Polen  
Owner
