Lisa Landry  
Acadian Regional Medical Center

Lisa:

As the marketing coordinator of Iberia Medical Center, I have worked with Teresa Green for two years on the New Iberia Town Planner. Her enthusiasm, professionalism, product knowledge, and her interest in our business are unmatched.

Teresa has extended excellent customer service, proving herself by providing reliable market information and timely feedback concerning our ad performance. She has made participation in the town planner virtually trouble-free, presenting creative options for our hospital advertising and she has been more than willing to provide artwork and copy assistance. Her product sells itself, and I have had comments from customers and from our own employees, on how they value the planner and look forward to receiving it each year.

I have no doubt that you will find your business relationship with Teresa Green to be one that you will want to continue in the future. I assure you that Iberia Medical Center will be a loyal supporter of the New Iberia Town Planner, and a customer of Teresa Green.

Please feel free to contact me by phone at 374.7216, or by email, [eswitzer@iberiamedicalcenter.com](mailto:eswitzer@iberiamedicalcenter.com), if you have any questions.

Sincerely,

Ellen Switzer  
Marketing Coordinator  
Iberia Medical Center
