Dear Arnie,

As one of the newer clients of the Town Planner, I'd like to compliment you on this project. The calendars are a unique way of reaching some of our specific service areas, and their comprehensive content makes it something that residents are highly likely to keep on hand in their household. Your feature of allowing us to promote specific events in the calendar boxes is a nice perk to the program.

You're a true advocate for your clients and a pleasure to work with.

Sincerely,

Donna Sellmann
