Dave:

I wanted to drop you a note of thanks after seeing our results so far using the Town Planner as part of our marketing plan.

Even though it's early in the year, Thyme and Tradition has received a better response to the ad campaign through the Town Planner than any other advertising avenue. From what our new clients are telling us, it's clear that the Town Planner also has provided much more visibility for our Health and Wellness Center. We started getting calls about our calendar promotions as soon as it reached mailboxes!

Our clients also appreciate the fact that the calendar is free and useful and features beautiful photographs.

Thank you for taking the time to learn about me and my business and making recommendations based on information specific to us. The calendar is certainly a unique and valuable marketing tool for any business!

Sincerely,

Angela Svonavec
