Tom,

I have had so many complements from my colleagues regarding the ad in your Town Planner. I keep hearing comments about how beautiful the Calendar is and how well it was put together. This is a great way to serve the community.

I am also very happy with the response that I have already had. I made my investment back before the end of February. This is fantastic and I am really looking forward to the rest of the year.

I would definitely recommend this program to anyone.

Amy Rogers-Cavender
