

March 9, 2014

Town Planner has been the absolute best marketing tool for our business. The week the calendars went out we started getting calls and new customers. In the following months we continue to get new clients from the e newsletter. Our level of customer retention is already higher than any other past marketing and this is only March! Besides the great results the staff is friendly, efficient and goes out of their way to be helpful not only in working on the calendar, but also networking with them for next year's calendar.
