Dear Cathy and Dave;

It is with great pleasure that I can tell you how pleased I am to be part of the 2008 Stouffville Community Town Planner.

I have received quite a few coupons already. One of my customers had even gone to the trouble of clipping all the coupons for the year so she would have them at hand when she needed them. I have seen the calendar hanging in the kitchens of my friends and was pleased that the families of Stouffville have accepted the Town Planner into their homes.

Thank you,
