RE: Letter of Support

Please allow this letter to serve as support of the Town Planner and the publishing of a year 2010 Community Calendar.

This provides a unique venue for the Town and business community in St. John to reach all of the residents. Conversely, it will provide residents with another resource to acquaint them with our business community.

I am excited to participate in this effort to provide the residents of St. John with important information about our local government, business community, and community events

Respectfully,

A handwritten signature in blue ink that reads "Stephen Z. Kil". The signature is written in a cursive style.

Stephen Z. Kil
Town Manager
