Dear Tony & Stella,

We have been very satisfied with the response we have gotten from the 2011 Town Planner. The response has been second only to our Grand Opening response. We made our advertising dollars back in less than 2 months and of those coupon customers almost 60% are new customers.

We have had customers ask us for Town Planner Calendars and have run out and had to ask you to replenish our stock. I would recommend this to anyone looking to increase their business.

Thank you,
