

4850 Sugarloaf Pkwy Ste 209
Lawrenceville, GA 30044

Terie & Bill,

Thank you for including us in your 2008 Town Planner calendar. I have been very satisfied with the response we have received. The coupons have been great! The Town Planner has given us the best results of anything we have done to date.

Initially I liked the idea of the calendar because it is hung up in the homes for people to see as opposed to a mailer that will end up in a drawer or the trash.

The biggest benefit for my business is getting more exposure and I like the fact that we can also position our ads in months that we are normally slow to remind people about us and drive traffic in our door.

Working with you has been a positive experience. You have been very helpful and listened to our needs. The whole process has been very simple!

I would recommend the Town Planner to other businesses who are looking for a cost effective way get exposure in their community.

We gladly renewed for next year as well as expanded our program. Thanks again for sharing the Town Planner with us.

Sincerely,

David & Wendy Trojahn
