

Scott,

As a business owner who is constantly on the look out for “Non-traditional” forms of advertising, I am glad I found the Town Planner.

First, the quality of the calendar is great. It has a great feel, look and is very user friendly. The information you put in the calendar is valuable and family friendly.

Second, your calendar works! Immediately upon the Town Planner mail out, I received calls. Initially, the calls where from current clients that noticed the ads and let us know they were using the calendar. Then, we started getting calls from prospective customers. **We really notice that the months we are advertising, we receive calls.**

Thanks,

Owner
