

March 17, 2009

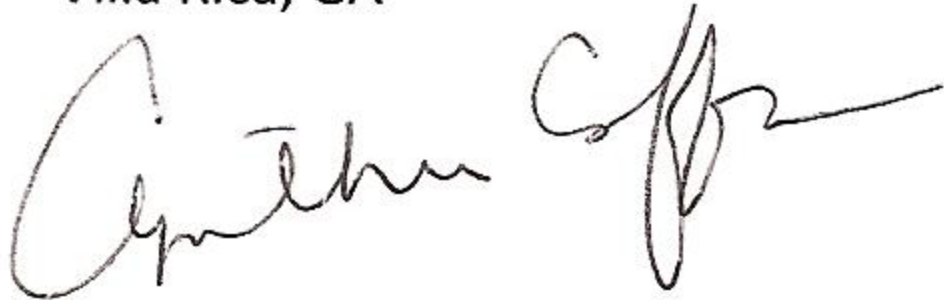

Thank you for introducing us to The Town Planner! We are pleased with the feedback we've gotten from our sponsorship and with our return on investment. Our first coupon doesn't appear until next month, April, and we've already had a handful redeemed, allowing us to recover our investment already.

I am pleased with the community focus of the calendar and that it is such a valuable tool for the people who receive it. I believe that people hold onto it and use it all year long. I am also pleased with the exposure The Town Planner has given Bark Avenue at such a reasonable cost.

We look forward to being involved with the 2010 edition!

Sincerely,

Cynthia
