

April 2, 2015

Dear Richard,

I still remember the day we met and you showed me the Grayslake Town Planner Calendar. The Town Planner has been the best of all the marketing campaigns we subscribe to based off the large amount of referrals we receive. In the first quarter of the year the ads paid for themselves by bringing us that many new customers! Our regulars love the fact that we participate in the local community calendar and it really gives them a sense that we are "THE" established pet groomer in the Village of Grayslake.

It also helps by referencing all the local events and school closing so we know when we should expect surges of appointments. So many ways this one calendar helps us grow as a local favorite among pet owners.

Huge value for the price!

Sincerely,

Marna Lukas, Owner
