April 4, 2013

Dear Patricia:

What a wonderful day it was when we met and you showed me the Grayslake Town Planner Calendar.

It has brought me new customers, and repeat customers comment on my participation in this community calendar when they see mine hanging in my establishment.

Oh, I also love that the school closing and holidays are listed. Why? Because I know what days I'm going to be swamped with doggy grooming appointments.

It is definitely a good value for the price and activity it creates.

Sincerely,

Marna Lukas
