

March 21, 2015

Rich,

Our shop has been around for a long time and is a huge staple in the community of Grayslake. Your calendar really keeps us front and center as a go-to local business by itself being a staple of Grayslake. Love the events and pictures of historic Grayslake. We need that exposure to consistently stay front and center in the minds of residents so they think of us when it's time to shop. We consistently see many new faces in our store as a direct result of publishing in your calendar.

Thanks again Rich!

,John
