 Town Planner Community Calendar

Dear Tony,

It is with pleasure that I share comments on my experience with the Town Planner Community Calendar. Town Planner came highly recommended to me by quite a few other local business owners whom have had great success advertising in the calendars.

Town Planner is a great way for Tiny Acorn Portraits to gain visibility in the west metro area. I have received several new clients since first appearing in the calendar this year. The community aspect and local theme of the calendars is a great marketing fit for small businesses.

I would highly recommend The Town Planner to other local business owners in the Twin Cities area.

Sincerely,

Laura Halverson
