

Randy's
Nature
Photography

www.randysnaturephotography.com

The Town Planner Community Calendar is a very good means to advertise. The calendar outlines community events, has a vast selection of coupons and each month displays an original photograph which has been submitted by local photographers. Speaking for myself, I would like to thank the Town Planner for giving me the opportunity to share my wildlife photography images. Since my images have been part of the Town Planner Calendar, traffic on my nature website, www.randysnaturephotography.com has triple increased and there is more public awareness that I pursue nature photography. I would highly recommend to anyone with a business that they consider advertising in their local Town Planner.

Sincerely,

Randy Holland
