Dear Marcia,

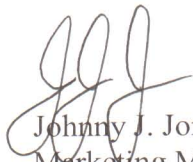

I would like to take this time to thank you for allowing News Talk 1360 WCHL to partner with Triangle Town Planner.

Town Planner has served as an economical and effective way to reach the community and in working with you and Town Planner our *radio station* has been able to have our logo and call-letters in front of thousands of new listeners on a daily basis.

Even better, Triangle Town Planner is beautifully produced, and headed by a great person that not only works in our community, but serves in our community as well as so "hats off" to you, Marcia!

With a medium that works for us and a leader that is great to work with, there is no doubt that we look forward to being in the 2008 Town Planner Calendar."

Thank you,

Johnny J. Jones
