

January 30, 2008

Wojo,

I can't tell you what a pleasure it has been to work with you and the Town Planner. It brings a smile to my face every time I think of my name and my face being seen by THOUSANDS of people on a daily basis for a whole year!

The Town Planner has provided me and my business penetration into the homes, retention for 365 days, and daily reference value. There is no other way for me to get this kind of exposure as well as receiving the feeling of satisfaction knowing that sponsoring the calendar provides the local homes with an outstanding community resource tool.

Within the first few weeks of the calendars being delivered, I received 2 calls from perspective clients, and numerous calls from friends, family, and business associates commenting on my outstanding advertisement. I hope that becomes an annual occurrence. Thank you for everything!

Sincerely,

Evelyn Thomas
