

September 9, 2008

To Chuck:

Mulligan Family Fun Center has been a customer of the Town Planner for well over a year and we have been very satisfied with the results. Our advertisements are well received by the community and we gain a nice influx of new guests that have not tried our facility before due to our ad in the Town Planner. We source all of our coupons and track where our guests come from and the Town Planner outperforms a large percentage of our advertisements, of which we are in over 50 publications, advertisements, and discount cards. Their service is excellent and their correspondence is always timely and pleasant.

Please do not hesitate to contact me with any questions.

Sincerely,

Scott Agajanian
