KATESSKATING.COM

I have advertised in the Town Planner Calendar for 4 years. I do coupons in all 5 areas where the calendar is published. Compared to other advertising that I have used over the last 10 years, the Town Planner given been by far the best ROI. I am not in every month of the calendar but I get coupons all year long. I get at least 20 coupons per week. I have suggested this to many other business owners in the area who are looking to improve their business. I feel like it is the best advertising I have done. The price is very reasonable for the exposure I get and I would recommend it to everyone.
