Dear Arnie,

I enjoyed talking with you last week. As I indicated, I've received the Town Planner for years and have long wanted for Spotlight Players to be part of it. Fortunately, this year our longer-term planning has come together so that we're able to participate in the upcoming calendar with our 2006 dates.

We're confident that being part of Town Planner will help us considerably as we work to grow our audience in the Matawan and Aberdeen areas. We know that Matawan and Aberdeen residents happily go to theater in Red Bank, Long Branch, Lakewood, and other locations. It's time for them to sample community theater right here. The partnership with Town Planner should help us achieve those goals.

All best wishes,
