

TOWN PLANNER®

Your Community Calendar™

March 31, 2015

We have advertised with the Town Planner since 2012. It has been very effective to have our message and events out there in front of thousands of people. As the popularity of this calendar has spread, we have seen better attendance at our events and the feedback on how a prospective customer has heard about us is consistently referencing back to the Town Planner. It's good to know that we are on someone's calendar the date that it is published! Nancy has been great to work with and I feel that we are getting maximum exposure for our dollar. We already have our 2016 calendar advertising secured!

Sincerely,
Rick Miracle
