Dear Richard,

Just wanted to let you know your calendar has been a huge success for me. I've literally received at least 5 clients a month that were referred by the Town Planner ads I have in Libertyville. I feel that other options we've been presented, like marketing mailings, get mixed up and tossed in the garbage. Not the Town Planner! I'm very happy we went with your recommendation. The exposure your local calendar gives us is very key in attracting new customers. Thank you again.
