

Alan,

We continue to do well with the Town Planner. As you know – we are a little bit of a niche business so for that reason, I was initially skeptical about how we would do in something that has a mass distribution. I am pleased to tell you that we continue to get a good number of coupons from the planner and that our brand name is definitely stronger in the community. Thank you for your continued support of our business.

A good shoe has features that provide comfort and support. The shoe must also be the right size and shape for your feet.
